COMPASSIONATE HEALTH CARE FOR PEOPLE IN NEED

2012 Annual Report

Volunteers, the most important pieces to our puzzle

Dear Friends of CrossOver Healthcare Ministry,

This past year was a tremendous success thanks to many faithful supporters. We continued to improve the care that we offered to those in need while serving a record number of patients. During the year, the clinic had 40,390 patient visits and served 6,344 patients. We had a tremendous effort from our board, staff and volunteers.

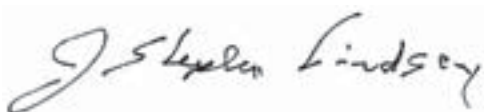

I want to thank everyone involved in continuing to make CrossOver a success over the past year. Our staff is dedicated to serving our patients with concern and compassionate care. We are blessed to have a wonderful staff. The staff works as a team with our tremendous volunteer staff. Thank you volunteers! Our volunteers provide extra sets of hands to meet the massive need for our services. Everyone works together to deliver world class care to our neighbors in need in the name of Jesus Christ.

In addition to the growth in the number of patients, our medical home saw an expansion in existing services and the addition of some exciting new services. Funding from the Medarva Foundation enabled us to put a permanent Vision Program in place, add staff and recruit additional volunteers. Through our outreach clinic, we not only provide free vision services to our patients, but also those from four other area free clinics, specifically focusing on individuals who are high-risk diabetics.

A grant from the Robins Foundation established the new Healthy Connections program and funded the hiring of a social worker. The program is designed to connect single parents, a large part of our patient population, with services that benefit the whole family, such as parenting education and support or enrollment in financial social service programs. Our partnership with VCU led to a grant for the Code RED program. This program will help us educate patients on appropriate uses of the emergency room. Redirecting patients to CrossOver rather than the hospital for non-urgent cases will save time and money, not only for the doctors, but the entire community as well.

Luke 12:48 says "Much will be required of the person entrusted with much, and still more will be demanded of the person entrusted with more." I think that this passage calls us to reflect and redouble our efforts for the coming year. We are currently receiving over 50 calls a day from new patients needing services. Our goal is to help as many people as possible. Last year was a big success, now the coming year will offer tremendous opportunities to continue to grow our service to those in need. We will need many hands to meet the need. With His guidance we will meet the need.

Peace,

Steve Lindsey

“Each of you should use whatever gift you have received to serve others as faithful stewards of God’s grace in its various forms.

FY2012 Sources of Cash Support and Revenue

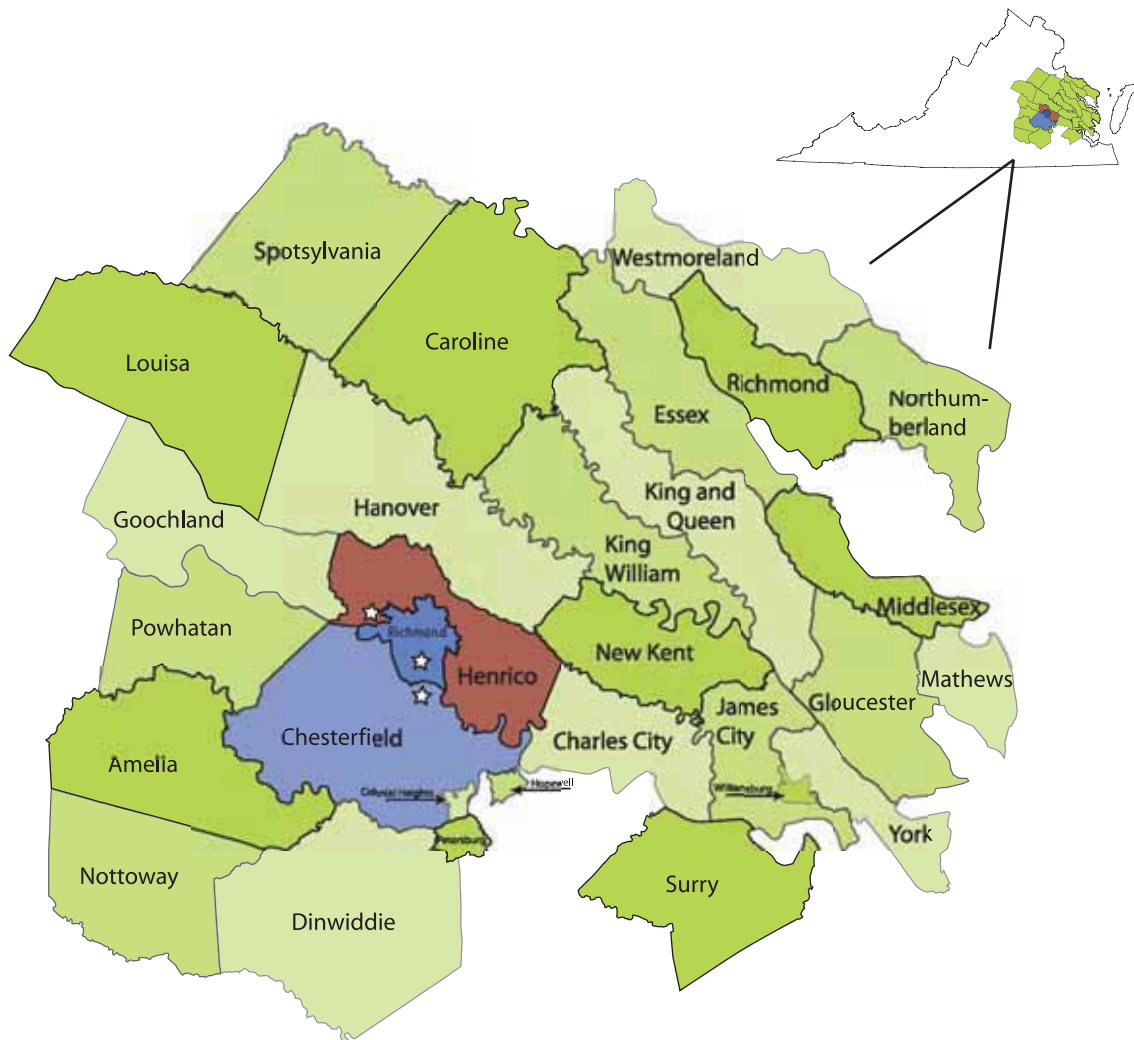

“I occasionally help admit patients when they come for appointments. One such patient whom I had met at the clinic recognized me at Kroger one day, gave me a hug, introduced me to her son, and told me how grateful she was for the help that she had received at CrossOver.”

~Anne Burch

CrossOver Coverage Area

The majority of CrossOver patients live in the Richmond Metro Area but, we also see patients from as far away as the Northern Neck and Spotsylvania County.

2012 CrossOver Challenge

This year’s CrossOver Challenge was a huge success! A record number of runners combined with gorgeous weather made for one of the best races in the history of the Challenge. The new and improved course and the addition of chip timing were well received by the runners.

The field of runners grew this year to nearly 550 participants across the four races. All of the proceeds of this year’s race went directly to CrossOver’s mental health services.

As with any CrossOver event the Challenge would not be possible without our dedicated volunteers and staff. More than 100 volunteers came together to ensure an amazing race day. THANK YOU to our volunteers!

Finally, we would again like to thank our sponsors: Owens & Minor, Patient First , Bon Secours Richmond Health System, HCA Virginia Health System, Anthem BlueCross BlueShield, McGuireWoods, James River Wealth Advisors, Troutman Sanders, Sigma National, Inc. and Managed Benefits.

2011 Compassionate Care Awards

The 2011 Compassionate Care Awards celebration was a night to remember! Hundreds of CrossOver supporters, volunteers and staff packed the lovely Jefferson Hotel on October 20, 2011 to honor the service of two devoted CrossOver volunteers: Robert Cox, DDS, and Donald Seitz, MD, and staff health educator Marilyn Metzler, RN.

Videos from the honorees and two CrossOver patients were the highlights of the evening. They all spoke to the good work CrossOver is doing in God's name.

Marilyn Metzler, pictured left with her parents John and Alta, is CrossOver's Health Education Director and oversees our Lay Health Promoter program.

Dr. Robert Cox, pictured right with his wife Kathie, practices dentistry at CrossOver every Thursday morning. Serving for almost 17 years, he volunteers more than 120 hours annually.

Dr. Donald Seitz, pictured left with family members including his wife and fellow volunteer Pat (far right), is a retired orthopedic surgeon. He has volunteered every Monday afternoon since 2005, and he and Pat organize a Saturday Mission Clinic from St. Bridget Catholic Church every month.

“It is indeed a great, rewarding experience to work as a volunteer Ophthalmologist at CrossOver, and be of some help to a large chunk of the patient population who count on the resources at this facility.”

~Shantaram Talegaonkar, MD

At CrossOver, we work hard to be good stewards of our supporters’ donations. These efforts were recognized this year by two national organizations. For the second year in a row CrossOver was named a four star charity by Charity Navigator, and we were awarded the Better Business Bureau’s Charity Seal for accredited organizations.

“Having lived and worked overseas for much of my professional career, I relish the international atmosphere that the clinic often has. On any given day I can hear Arabic, English, Creole, and certainly Spanish spoken in the hallways.”

“As an international physician who can not yet practice in America, I was thrilled to join a volunteer team where I could help patients in need. My medical training has helped me to recognize emergent cases and escalate their situation to the direct care provider.”

"I want to reveal to the patients just how much God loves them by allowing Him to love them through me. He has walked with me through my struggles and brought me to a place of such joy in knowing, really knowing, just how much He does love me. I want others to know just how great is His love."
